

Monday, September 9, 2019

6:00-8:00pm **Welcome Reception & Networking**
Kimpton Aertson Hotel, 2021 Broadway, Nashville, TN 37203

Tuesday, September 10, 2019

Time	Topic	Speakers
8:00am	Welcome	Cliff Goodman Gillian Hooker
8:15-9:30	Opening Session: The State of Genetic Medicine in the US Healthcare System	Jim Jirjis Esteban López Margaret Anderson
10:00-11:30	Panel: Connecting Data in a Disconnected System How does test order, result, and reimbursement data flow through the system from one stakeholder to another? What data is needed across the system to enable good decisions about test orders, downstream action, and reimbursement?	Priscilla Alfaro Mira Irons Kenneth Mandl
11:30-12:45	Lunch	
12:45-2:00	Panel: The Evolution of Genetic Diagnostics – Models for delivery, quality, coverage, and payment Is the notion of a genetic test is a transitory concept? If so, what will take its place? If we separate wet lab components from analytic components, how do we measure and ensure quality? What infrastructure is needed to enable delivery & payment?	Steven Goldberg Vincent Nelson James Lu
2:15-3:30	Panel: Rights, Responsibilities & Opportunities in Genetic Information What are our obligations to protect data? Who can own, sell, and buy patient data? What cybersecurity concerns exist, and are they different for different types of patient data?	Kate Black Stephanie Devaney Panelist (TBA)
3:45-4:45	Observations, Insights & Conclusions What are the most useful insights from the first day of discussion? What areas of productive disagreement remain? What key questions remain unresolved, either scientifically or in terms of practical application?	All
4:45-5:00	Wrap up	
6:00-8:00	Music City at Night – An evening out in Nashville	

Wednesday, September 11, 2019

Time	Topic	Speakers
8:00-8:15	Introduction – Day 2	Gillian Hooker
8:15-9:30	Panel: Precision Medicine in Practical Application How do we realize the potential of genetically targeted therapies? How do we identify candidates and provide equitable access? Ensure the accuracy of test results prior to applying advanced therapeutics?	Kate Donigan Shuvayu Sen Victor Wu
9:45-10:45	Investor Perspectives Trends in genetics and precision medicine at the edge of innovation	Jessica Zeaske Nick Naclerio Panelist (TBA)
11:00-12:00	Observations, Insights & Conclusions Key areas of focus and next steps for the year ahead	All
12:00-1:00	Closing Discussion: A shared vision for a connected network and next steps. What is next and what is success?	Trish Brown Terry Jo Bichell Panelist (TBA)

Speakers & Panelists

Jim Jirjis, MD

Chief Health Information Officer
HCA Healthcare

Shuvayu Sen, PhD

Executive Director,
Center for Observational &
Real-World Evidence
Merck

Steve Goldberg, MD

VP, Medical Affairs, Population
Health & Chief Health Officer
Quest Diagnostics

Victor Wu, MD, MPH

Chief Medical Officer
TennCare

Mira Irons, MD

Chief Health & Science Officer
AMA

Margaret Anderson

Managing Director
Deloitte Consulting

Esteban Lopez, MD

Chief Medical Officer, Clinical Strategy &
Innovation
HCSC (BCBS of IL, MT, NM, OK & TX)

Kenneth Mandl, MD, MPH

Professor & Director, Computational
Health Informatics Program (CHIP)
Harvard Medical School & Boston
Children's Hospital

Trish Brown, MS, CGC

Director, Americas Payer Partner & Field
Market Access Lead
Illumina

James Lu, MD, PhD

Co-founder & SVP, Applied Genomics
Helix

Terry Jo Bichell, PhD

Rare Disease Biomarkers & Outcomes
Measurement Consultant

Priscilla Alfaro, MD

Chief Medical Officer
Zelis

Stephanie Devaney, PhD

Deputy Director, *All of Us*
National Institutes of Health (NIH)

Kate Donigan, PhD

Deputy Director, Personalized
Medicine & Molecular Genetics
(acting)
U.S. FDA

Kate Black

Shareholder, Data, Privacy &
Cybersecurity Group
Greenberg Traurig

Jessica Zeaske

Partner
Echo Health Ventures

Nick Naclerio

Founding Partner
Illumina Ventures

Vincent Nelson, MD

VP, Medical Affairs
Blue Cross Blue Shield Association
